Year 1	1	0	96.4%
Rec	0	0	100%

Well done to Y1 and Reception who move their Bee for the least lates.

Well done to Reception who have earned an extra play for having the best class attendance.

## Reception

It was so nice to welcome our new reception children this week. From Monday children need to be at school by no later than 8:55am when the gates will close. If you arrive after then your child is classed as late and will receive a late mark. All children are to be collected at 3:15pm. Gates open at 3pm to allow parents to come into the playground in time. Thank you to all the parents for being so fantastic this week and supporting us.

## DT

This week we launched our Design Technology curriculum in assembly. We will be thinking about design and technology in the world around us. This year we will be working with Lancaster University and they have kindly provided a project box for every child to use in school and a tube of ideas to try at home. Children are able to personalise their boxes by bringing resources from home, such as ribbons, shells, coloured fabrics and every day objects that are special to them to use in their work at school. When children have completed any of the ideas at home we would love to celebrate them in school so please send in photographs.

## School Place for September 2022

School admissions are now open for children due to start primary school in September 2022. Please call the school office on 01524 411227 to book a tour. You can apply online at <https://www.lancashire.gov.uk/children-education-families/schools/apply-for-a-school-place/>

Please also remember to recommend us to your friends and family.

## Morrisons Vouchers

From September, for every £10 spent in store or online, you'll get one 'Grow Token' that we can then redeem for a wide range of gardening and growing equipment. Please download the free 'MyMorrisons' app to take part and start collecting vouchers for our school. We would like to make the area at the back of school a lot greener so your help would be amazing.

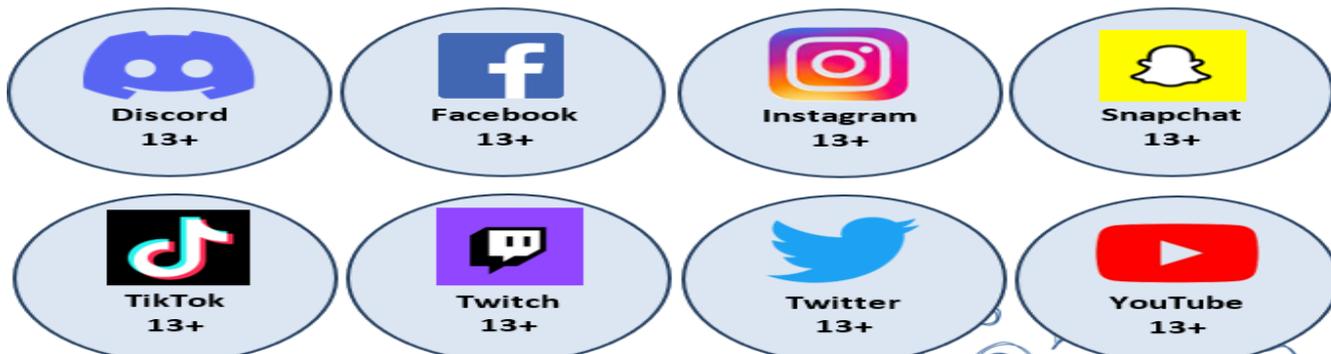

## Safeguarding

As part of safeguarding every child, we feel it is important to let you know what age children are allowed on apps. These apps leave children vulnerable to online predators and other issues including bullying. Please ensure that you have added parental controls to any devices and closely monitor any accounts your child has.

### **Social Media Apps**

What age should my child be to use these apps?

What risks are there of my child using these apps?

Whilst there are benefits to being online, there are risks too regardless of your child's age. Risks include your child viewing inappropriate content, sharing personal information, cyberbullying and grooming.

#### **Reporting functions**

If your child is using any of the above apps then make sure you show them how to use the reporting facilities within each app and ensure your child knows that they must tell you or another trusted adult if they see anything upsetting online. Use the apps together and explore the different security and privacy settings.
